**MISSION:** I am dedicated to sharing my story of a rough childhood, the battle of drug and alcohol addiction, recovery and how I found my way to living the dream through the dirt tracks of America.

**CLIENTS:** Those who are looking to be inspired to follow their dreams or those battling addiction themselves. After hearing my story, it is my hope that you may walk away feeling like there is hope in this life to overcome any obstacles you are faced with.

**PHILOSOPHY:** My philosophy is to inspire everyone, build self-esteem, confidence and hope that tough times and poor choices do not define a person or their life. There is a way for each of us to live our dream!

To schedule a motivational speaking event or obtain information on becoming a marketing partner for Brad's Living The Dream Tour On & Off The Track, please contact us via phone or email.

*"Yours was one of the most energized presentations we've ever had."*

Rick Stecker, GMFI Board of Directors
